

Manish Maheshwari

Mr. Manish Maheshwari is the CEO for E&P Business at Essar where he is responsible for both the unconventional & conventional portfolio in India and abroad. Prior to joining Essar in Oct. 2014, Manish held the position of Managing Director at Hindustan Oil Exploration Company Limited, where he led initiative to induct strategic investors in the company and ensured smooth transition over time involving both majors like Unocal and Eni and independents like Burren Energy of UK. He has been instrumental in repositioning the company as a credible operator and leading to a multi-fold growth. As an Executive Chairman of HOEC's fully owned subsidiary, HBIL, Manish has turned it around into a profitable entity in the fuel additive business. He has previously served as Investment Manager with Danish Investment Fund at Copenhagen where he was responsible for investments in East European Countries. Earlier, Manish worked at Tata Industries Ltd., one of the holding companies of Tata Group, where he led Tata Group's foray into oil and gas, technology parks and advanced material. Manish started his career with Hindustan Lever Limited as a management trainee and holds a bachelors in chemical engineering and an MBA from Strathclyde University, Glasgow.
